

State of South Carolina

Governor's Proclamation

WHEREAS, despite advances in medical technology and research, the life expectancy of men is approximately five years lower than that of women; and

WHEREAS, educating the public and healthcare providers about the importance of a healthy lifestyle and early detection of male health problems can help reduce rates of mortality from disease; and

WHEREAS, men who are knowledgeable about the value of preventive health care in prolonging their lifespan and their role as productive family members are more likely to participate in health screenings, thus promoting early detection and treatment; and

WHEREAS, fathers who stay connected to their children and maintain a healthy lifestyle are positive role models and have happier, healthier children; and

WHEREAS, the 2022 observance of Men's Health Month calls attention to a broad range of men's health issues, including heart disease, mental health, diabetes, and prostate, testicular, and colon cancers, in an effort to educate men, boys, and their families about the importance of a healthy lifestyle, regular exercise, and medical check-ups.

NOW, THEREFORE, I, Henry McMaster, Governor of the great State of South Carolina, do hereby proclaim June 2022 as

MEN'S HEALTH MONTH

throughout the state and encourage all South Carolinians to work together to promote positive health attitudes, preventive health practices, and early detection efforts.

A handwritten signature in black ink, reading "Henry McMaster".

HENRY McMASTER
GOVERNOR
STATE OF SOUTH CAROLINA
